Product description:

Glass nail file with velvet cover

Your vegan glass nail file is perfect for a professional manicure, as it is easy to use and particularly precise! The elegant design in a durable, vegan velvet case makes it an absolute must-have in every beauty bag.

Ingredients:

100% Glass

Tips from Gabi Köberl:

It is best to use the glass nail file on cleaned and dry nails. For a particularly precise and gentle application, we recommend filing in one direction from the outside to the inside until the desired nail shape is achieved. After use, the file can be gently cleaned with a little water.
