Product description:

Moisturising eye pencil: Dr. Hauschka Eye Definer 08

Use our Limited Edition Eye Definer 08 in an earthy colour to skilfully accentuate your eyes' unique beauty. Our pleasantly silky Eye Definer enables you to apply precise lines with the tip of the pencil and softly smudge them with the applicator. Apply the eye pencil to the upper lash line for visually thicker lashes.

Create unique forms of expression: The smooth texture is easy to apply and blend, accentuating natural contours. The gentle formulation with mineral pigments and nurturing plant extracts, including anhyllis, quince wax and shea butter, moisturises the area around the eyes, leaving it silky smooth.
