

SPF30 Certified Organic Tinted Face Sunscreen beige

Manufacturer: Laboratoires de Biarritz

Order ID: AM07480936

Price: 21.50 €

Product description:

Give your face the benefits of the latest scientific innovations from Laboratoires de Biarritz. The organic tinted sunscreen SPF30 ensures a high natural sun protection for everyday use. It is perfect to use for outside activities as well as downtown, it protects and unifies the skin. The SPF30 tinted sunscreen provides your skin with effective broad spectrum protection against UVB and UVA thanks to its mineral screens. It also defends against the dangers of free radicals on skin cells like the appearance of early signs of aging, thanks to its unique patented extract of a red seaweed that has strong antioxidant properties. Above all it is a shield against the sun that also moisturizes.

- High anti-UVA/UVB protection
- Prevent early skin aging thanks to its anti-oxidant activity
- Creamy light texture, easy to apply
- Moisturising sensation
- Golden tint
- Like a 'second skin'
- Natural vanille fragrance
- Water resistant
