

Deep Water Hydrator

Manufacturer: I&M
Order ID: 573204
Price: 19.90 €

Product description:

The ultimate freshness kick — hydrating, plumping, strengthening

The Deep Water Hydrator combines a facial toner with a highly concentrated moisturiser — the ideal basis for any skincare routine. With its innovative moisturising complex of plant-based ingredients, the vegan active ingredient booster hydrates and soothes facial skin while strengthening it at the same time. The result is a beautifully toned complexion and a fresh, radiant glow even for particularly dry, sensitive and irritated skin.

AquaCacteen™, Hyaluron and Aloe Vera

AquaCacteen™ from prickly pear provides effective hydration. As a natural moisturiser, it is absorbed immediately and can directly help the retention of existing moisture reserves. The Deep Water Hydrator thus increases the skin's moisture content, while Hyaluron helps plump the complexion for a firming effect. Fair-trade aloe vera provides gentle freshness, entirely fragrance-free and without irritating sensitive facial skin.

Multitasking Moisture Booster with MultiMoist CLR™.

In the MultiMoist CLR™ skincare complex, beetroot extract works together with water-based prebiotic fruit sugars. The plant-based fruit sugars in the Deep Water Hydrator not only increase the skin's own water content, but also support the skin's microbiome as a breeding ground for healthy microorganisms.

At the same time, the toning complex regulates the skin's supply of vitamin D by stimulating and increasing the skin's own vitamin D production. Vitamin D has a positive impact on cell renewal and the skin's defence mechanism against harmful environmental influences, especially for blemished, chapped or irritated skin.

This enables the Deep Water Hydrator to strengthen and protect the skin's natural barrier while giving thirsty skin a radiant, fresh glow in just a single application.

Ingredients:

AQUA, ALOE BARBADENSIS LEAF JUICE* (ALOE VERA*), PENTYLENE GLYCOL, FRUCTOOLIGOSACCHARIDES, GLYCERIN, ZINC LACTATE, OPUNTIA FICUS-INDICA STEM EXTRAKT (PRICKLY PEAR), SODIUM HYALURONATE (HYALURON), BETA VULGARIS ROOT EXTRACT (BEETROOT), POTASSIUM LACTATE, XANTHAN GUM, LACTIC ACID, SODIUM HYDROXIDE, DISODIUM PHOSPHATE, GELLAN GUM

* organic agriculture

Tips from Gabi Köberl:

In preparation for subsequent skincare, pour a small amount of the liquid toner into the palm of your hand and carefully distribute over cleansed skin until the hydrator has been completely absorbed. Afterwards, enjoy a freshly nourished, radiant complexion. Follow with a serum or fluid and face cream.
