

Vitamin C Nectar

Manufacturer: I&M
Order ID: 570307
Price: 24.90 €

Product description:

Revitalising, firming, moisturising

The lemony fresh Vitamin C Nectar has a deeply penetrating impact that prevents pigmentation marks, wrinkles and lines for a smooth, radiant complexion. Vitamin C is recognised as a natural collagen booster, which offers antioxidant protection for the skin barrier against environmental pollution and helps combat skin impurities. At the same time, high-quality organic fair-trade ingredients offer nourishing care and moisture, particularly for dry or sensitive skin.

Antioxidant serum thanks to vitamin C

Thanks to its 3% vitamin C content, this antioxidant serum protects facial skin against free radicals. This means it strengthens the skin's protective barrier against harmful environmental influences but also specifically helps protect against UV radiation – thus boosting the efficacy of sunscreen products. Vitamin C Nectar has an anti-inflammatory effect while also reducing skin impurities and lightening any sun damage or pigmentation marks.

Collagen booster with tiger grass and avocado

Vitamin C helps preserve the skin's own collagen thanks to its deeply penetrating antioxidant properties, which means it also helps prevent initial wrinkles or lines. At the same time, tiger grass extract stimulates collagen production, which slows down the signs of skin ageing in the long term. The serum contains a hypoallergenic type of vitamin C, which is much gentler on the skin than pure ascorbic acid.

Alongside a combination of organic aloe vera and vegan hyaluronic acid, fair-trade avocado oil supports the skin's natural moisture content. The Vitamin C Nectar has a fresh citrus fragrance and revitalises the complexion for a fresh and healthy appearance.

Ingredients:

AQUA, ALOE BARBADENSIS LEAF JUICE* (ALOE VERA*), ASCORBYL GLUCOSIDE, GLYCERIN, ARGANIA SPINOSA KERNEL OIL* (ARGAN*), PERSEA GRATISSIMA OIL* (AVOCADO*), SODIUM HYALURONATE (HYALURON), CENTELLA ASIATICA EXTRACT* (TIGER GRASS*), SODIUM LEVULINATE, SCLEROTIUM GUM, POTASSIUM HYDROXIDE, SODIUM ANISATE, XANTHAN GUM, MAGNOLIA OFFICINALIS BARK EXTRACT, ALCOHOL*, SODIUM PHYTATE, CITRIC ACID, PARFUM***, CITRAL**, CITRONELLOL**, GERANIOL**, LIMONENE**, LINALOOL**

* organic agriculture ** from natural essential oils

Tips from Gabi Köberl:

Massage luxuriously into the skin before applying moisturiser or use the product as a standalone skin-care treatment. Avoid skin contact with the pipette during application. Sunscreen recommended.
