

Depuff Eye Roll-On

Manufacturer: I&M
Order ID: 570408
Price: 16.90 €

Product description:

Cooling roll-on brightens up tired eyes

Depuff Eye Roll-On refreshes dehydrated, delicate skin around the eyes with a cooling, decongestant effect. While revitalising organic plant ingredients soothe and soften the area around the eyes, they also help to naturally protect it from the first signs of ageing. Thanks to this sustainable wake-up call, tired eyes appear alert and cheerful again.

Cucumber, Hyaluron and Pomegranate

A moisturising, lightweight gel composed of cucumber extract, fair trade aloe vera and plant-derived hyaluronic acid refreshes the skin by plumping and smoothing dehydration wrinkles. Meanwhile, precious pomegranate extract reduces puffiness with its astringent action.

The practical metal applicator enables the cooling effect of Depuff Eye Roll-On, which helps relieve puffiness.

Green tea – a refreshing cure for the eyes

Green tea from the leaves of the true tea bush vitalises the area around the eyes and restores elasticity and energy – boosted by invigorating caffeine. Its active ingredients enhance the skin's own protection against free radicals and premature light-induced skin ageing. When regularly applied to the skin, green tea extract revitalises the first lines and wrinkles.

Combined with plant-based probiotic active ingredients that promote cell renewal and boost collagen production, the eye area appears firmer – without hiding that charming little smile around the eyes.

Ingredients:

AQUA, ALOE BARBADENSIS LEAF JUICE* (ALOE VERA*), POLYGLYCERYL-4 CAPRATE, ZINC LACTATE, CAMELLIA SINENSIS LEAF EXTRACT (GREEN TEA), PUNICA GRANATUM EXTRACT (POMEGRANATE), SODIUM HYALURONATE (HYALURON), CAFFEINE, CUCUMIS SATIVUS FRUIT EXTRACT* (CUCUMBER*), GLYCERIN (PFLANZLICH), LACTOBACILLUS FERMENT LYSATE, SCLEROTIUM GUM, CAPRYLYL GLYCOL, LACTOBACILLUS FERMENT, GLYCERYL CAPRYLATE, PROPANEDIOL, SODIUM HYDROXIDE

* organic agriculture ** from natural essential oils

Tips from Gabi Köberl:

Gently roll around the eye area mornings and evenings. If necessary, gently pat into the skin with the fingers.
