

## The Barrier Cream

Manufacturer: I&M  
Order ID: 573206  
Price: 21.90 €

### Product description:

This intensively nourishing cream by i+m contains a valuable ceramide precursor complex made from natural phospholipids and sphingolipids, which support the skin's protective barrier. The moisturising properties are due to the mix of hyaluronic acid as well as organic macadamia, oat kernel and babassu oil, which nourishes dry areas and provides moisturising care. The high proportion of antioxidants supports the skin in terms of free radicals and ensures a beautiful glow. Completely free of alcohol and fragrances, this formula is ideal for any daily skincare routine.
