Product description:

Bakuchiol acts like a collagen booster as a plant-based vitamin A alternative. This power concentrate contains 1% Bakuchiol on a jojoba and wild rose oil base and can be used once a month as a 7-day treatment or to enrich facial care on a daily basis. The innovative active ingredient complex from Rosa Damascena reduces the skin's stress biomarkers and reduces visible signs of stress and fatigue. An extract of alpine rose protects the skin from oxidation and restores its radiance. High-quality wild rose oil has an additional antioxidant effect on stressed skin. A true powerhouse for a rested, visibly rejuvenated appearance.

For best results, use as a course of treatment over 7 days under or instead of your normal skin care cream. Then use regularly 2-3 times a week to maintain the effect.
