Product description:

For a fresh & radiant glow

The skin is exposed to environmental influences every day and therefore needs proper and intensive care. This 3-in-1 Vitamin Cream supplies the skin with essential nutrients and ensures a radiantly beautiful complexion at the same time. Vitamin F stabilises the skin barrier and supports the storage of moisture, while organic jojoba oil penetrates deep into the layers and allows its antioxidant properties to take effect. AHA fruit acids are used for regeneration, promote elasticity and leave you with a relaxed skin feel.
