Product description:

For stressed hair

This hair oil with valuable essential oils cares for stressed, stressed and dry hair and the scalp and gives vitality and suppleness.

The hair oil completes our small hair care concept consisting of a basic shampoo, an acidic hair conditioner and this hair oil. Many people suffer from dry scalps and hair that lack vitamins and nutrients. Our hair oil with valuable oils such as almond oil, jojoba oil, coconut oil or rosemary oil gives the hair exactly what it is missing.

Especially after using a basic shampoo, the hair needs gentle care from essential oils, which prevents the hair from becoming too dry and brittle and at the same time provides the hair with valuable ingredients and vitamins.

Ingredients:

Prunus Amygdalus Dulcis Oil*, Simmondsia Chinensis Seed Oil*, Cocos Nucifera Oil*, Ricinus Communis Seed Oil*, Rosmarinus Officinalis Leaf Oil*, Tocopherol, Helianthus Annuus Seed Oil*, Limonene**, Linalool**, Citral**, Geraniol**

Tips from Gabi Köberl:

Once a week or more often if necessary.

Before washing your hair

Slightly dampen your hair and then leave the hair oil on for 20 minutes or more.

After washing your hair

Apply a small amount of hair oil to the ends and do not wash out.
