

## Anti-Frizz Hair Balm

Manufacturer: I&M  
Order ID: 570907  
Price: 9.90 €

### Product description:

Suitable for damaged hair and dry hair

Smoothing, detangling, moisturizing

The Anti-Frizz Hair Balm for dry and damaged hair is made from the best fair trade organic raw materials and smooths rebellious hair, making it easier to comb. This leave-in hair care also supplies the hair with loads of moisture — without overburdening it.

Almond, jojoba and sea buckthorn

Fair trade almond oil smooths the hair and makes it easier to comb. Jojoba nourishes and moisturizes, protects from dryness and helps to prevent hair breakage. In addition, when the Hair Balm is used as a treatment, soothing sea buckthorn oil relieves irritation on dry, sensitive scalps.

Delicately fragranced leave-in hair care

Anti-Frizz Hair Balm smooths and detangles stubborn hair whether applied to damp or dry hair. The moisturizing leave-in care product remains in the hair and, when used regularly, prevents hair breakage and split ends without overburdening the hair.

The subtle scent of vanilla smells wonderful, and adds to the feeling of well-being.

### Ingredients:

AQUA, ALOE BARBADENSIS LEAF JUICE\* (ALOE VERA\*), SIMMONDSIA CHINENSIS SEED OIL\* (JOJOBA\*), PRUNUS AMYGDALUS DULCIS OIL\* (MANDEL\*), CETEARYL ALCOHOL, GLYCERIN\* (PFLANZLICH\*), GLYCERYL STEARATE CITRATE, SODIUM HYALURONATE (HYALURON),

## **Tips from Gabi Köberl:**

Massage into damp or dry hair and enjoy the well-groomed smoothness. Do not rinse out.

- Calming rebellious hair: when you look in the mirror do you constantly spot conspicuously mutinous stray hairs that always give your hair that flyaway look? Rubbing a little Anti-Frizz Hair Balsam into your hands every now and then and running your hands over the rebellious locks to smooth them down really helps.
- Caring for the ends of the hair: Anti-Frizz Hair Balm helps your hair's dry ends to regain their glossy smoothness. Simply rub it into the finger tips and work it into the ends of your damp or dry hair where it is needed.
- Relaxing the scalp: regular treatments with the Hair Balm relieve the symptoms of a dry, itchy scalp. Apply a sufficient amount to the finger tips and gently massage into the scalp for 2—3 minutes. Leave in overnight to let it take effect and relax your scalp.
